

# **SHOTGUN LEAGUE INFORMATION**

Revised 5/2/11

We have had a very successful and exciting trap league for the past 2 years and we have had our first skeet league during the spring of 2011. The trap league usually runs from January thru March and the skeet league ran from February thru May. We usually start organizing the leagues in October or November each year for the upcoming leagues. The leagues will be advertized in the monthly TCSA newsletter, at the monthly shotgun board meetings and, at the monthly TCSA public meetings. There will also be signup sheets and flyers posted at the clubhouse.

We plan to offer active and fun trap and skeet shooting leagues for as long as there is an interest in league shooting. We would like to offer men's, women's, and youth leagues. Also, if your company, group, scout troop, or other organization would like to start a league, please contact us. If your group or company would like to have a weekly or monthly shooting day, call us!

If you are interested in a trap shooting league, please contact Travis Beck at 509-521-6938.

If you are interested in either organizing a skeet league or shooting in a skeet league, please contact Lyle Birch at 509-832-2489.
