

2017 SMALLBORE MINI PALMA

PLACE: TCSA High Power Range

DATES:

- Sunday April 9, 2017
- Sunday June 25, 2017
- Sunday July 23, 2017

Match Director Charles Bonham

SCHEDULE: The range opens at 8:00 AM. Shooters should arrive by 8:15 AM for target setup and check in. Firing starts at 9:00 AM. Firing will take place in two relays, one relay will shoot all three stages while the other pulls and marks targets. Then the relays will switch positions.

RULES: All shooting is single shot, slow fire, approximately one shot per minute. All firing will be from 100 yards.

EMPTY CHAMBER INDICATOR (ECI): An Empty Chamber Indicator is required to be in your rifle at all times except during the preparation period and the firing of your relay. Please have an ECI in your rifle when you arrive at the range to check in. If you do not have an ECI, please arrive at the range with your rifle unloaded and the action open. Let the Match Director know you do not have an ECI and one will be provided.

HANDLING OF FIREARMS: Handling firearms behind the firing line is not permitted. The handling of firearms is defined as anything a competitor does to operate the mechanism, shoulder, aim, put a sling on, load, practice loading, insert a clip or magazine, or otherwise perform any action that would prepare the competitor to fire the firearm.

Adjusting or blackening sights, adjusting slings without placing them on the arm or making minor adjustments to the firearm in the ready area or behind the firing line is not regarded as handling the firearm, and is permitted as long as an ECI remains inserted.

Competitors may load clips or removable magazines in the ready area (so long as they are not inserted in the firearm). After competitors are instructed to carry their rifles and equipment to the firing line, they are permitted to handle their rifles on the firing line as long as the muzzle remains pointed up or downrange and an ECI remains inserted.

After arrival at the firing line and prior to the start of the preparation period, competitors may put a sling on and assume position with the rifle. Competitors may not remove the ECI, close the action or dry fire until the Range Officer announces the start of the preparation period.

TIPS FOR SUCCESS

1. Arrive with a rifle sighted in for 100 yards.
2. Use sub-sonic ammunition (under 1140 feet per second velocity).
3. Bring a shooting mat to lie down on.
4. Dress appropriately for the weather conditions.
5. Bring water. The range is dry.

The Match director reserves the right to cancel the shoot for safety reasons including high winds, heavy rain, and any other condition that the director deems unsafe. Entry feed will be refunded if the shoot is cancelled.
