## PRESIDENT'S REPORT

By: Mark Verwest

With winter approaching, there could be some weather-related Range closures and/or cancellations of Events. If the weather gets bad, check our Web Page and Facebook page for any updated Range closures before heading out to the Range and be sure to check the Discipline links on our website for the most up to date discipline events and/or cancellations.

We have lots of Events scheduled for this year. Take a look at the calendars; I am sure you can find something interesting and fun!

Happy New Year!

WISHING YOU AND YOUR FAMILY  
A HAPPY NEW YEAR

## VICE-PRESIDENT'S REPORT

By: George Hager

Happy New Year!! It appears as if our membership had a good Christmas! I was out plinking on Saturday after Christmas and the Rose-Iris was particularly busy for such a "breezy" morning! Folks must have received some fun recreational materials. A lot of family units and wall-to-wall kids at the Rimfire Plinking Range. That was fun to watch!! I should have passed out information regarding our Youth Club/League, but I was too busy trying to keep my hat from blowing away. Hopefully, their parents will read this and reach out to **David McNeal!**

As a reminder, you are down to 3 months remaining until your current membership expires. It's always better to be early than late!!

Starting in the new year **Seth** and **Ron** are taking the **Precision Rimfire** game to the first weekend of each month starting in **January (4 and 5)**. Saturday **Ron** will be hosting an **NRL22 Match** and **Seth** will be hosting our **PRS-22 Matches**. In these Matches, shooters can earn points in either National league/Organization. Any questions regarding these Matches can be directed towards me and if I cannot answer then, I can direct you to someone who can.

WEATHER CONDITIONS at the Range can be found on our homepage -

With the winter upon us, be sure to **check the road conditions** before driving out to the Range. **If we need to close the Range due to weather conditions we will try to get it posted on the Website and Facebook as soon as we can.**

## TCSA FACILITIES

**ROSE-IRIS RANGE** – A 100-yard range with 20 covered firing points. This day use Range Safety Officer supervised facility is operated for public use on a regularly scheduled basis Wednesdays, Fridays, Saturdays and Sundays.

**RIMFIRE PLINKING RANGE** – A 50-yard 22-caliber Range Safety Officer supervised Shooting Range with reactive targets.

**CENTERFIRE PLINKING RANGE** – A 50-yard handgun pistol/revolver RSO supervised range with reactive targets for firearms using black powder or standard pistol cartridges.

**COWBOY / PRACTICAL PISTOL BAYS** – Ranges consisting of 13 bays of varying lengths designed to support a variety of action shooting disciplines such as; Practical (IPSC/ USPSA) 3-Gun Sports and Cowboy (SASS) groups.

Cowboy Action Rep. – **Charles Kissler** – 509.783.8505

**Nelson Thomas** – 509.727.4678

Practical Pistol Rep. – **Curt Berger** – 541.720.7826

**1000-YARD, HIGH-POWER RANGE** – A Range consisting of 100, 200, 300, 600, 800, 900 & 1000-yard firing lines that can support 20 firing stations on each firing line (utilizes manned target operation). The 400-yard line has 5 firing stations and the 500-yard line has 10 firing stations. This Range supports High-Power Rifle, Long Range PALMA and Precision Shooting Events of various disciplines, including 50-Caliber.

High-Power Rep. – **Mike Sowa** – 541.571.1892

**HUNTER EDUCATION RANGE:** This Range has been designed to support Hunter Education Training Classes and also has a practical field exercise area containing obstacles hunters could expect to encounter in the field. The covered firing line can be used independently by current RSO's as an overflow from the Rose-Iris Range and may be available for RSO supervised public event use when not being used for the conduct of Hunter Education Classes.

Hunter Ed. Rep. – **Randy Absolon** – 509.845.3632

**PRIMITIVE USE RANGE:** - A Range Area for muzzle loading and primitive Sagebrush Free Trappers reenactment events with parking, staging and various range areas.

Primitive Range Rep. – **Clint Bouslaugh** – 509.585.6415

**SHOTGUN RANGE:** Includes a set of two ATA regulation Trap Fields, two Skeet Ranges and a Sporting Clay Range supporting five firing stations and a Pattern Board.

Shotgun Rep. – **Mark Monopoli** – 509.531.6929

## “WELCOME” NEW MEMBERS

Welcome! In this Newsletter you can find the contact information for the Board Members and above you can find contact information for the different Ranges. The Ranges were built and are maintained by volunteers. We encourage you to get involved and be a part of TCSA.

New members from this past month should have already received their membership card(s). If you have not received your card, contact **Sue Verwest** at [membership@tcsa.info](mailto:membership@tcsa.info) or 509.735.1662.

Check out our TCSA web site [www.tcsa.info](http://www.tcsa.info) for a variety of information. The Newsletter is posted on the web site the beginning of each month.

## HUNTER EDUCATION AND SAFETY ASSOCIATION

By: **Randy Absolon**

As noted last month, our January - February **2025 Traditional Hunter Education Class** is scheduled. Classes will be held from **January 16 through February 6**. The schedule is a little different this year because of classroom availability. Registration will open on **December 27**, and can be completed on the WDFW website. Class size will be limited to the first 20 students who register.

We anticipate a similar schedule of classes in 2025 as were held last year. After the Traditional Class, we are planning on offering evaluations for students who have completed the Online Course in March, April, and May. Another Traditional Class will be offered in June, followed by Online Evaluations in August and September.

RSOs using the HESA Range are expected to sign in at the Rose-Iris Range before going over to the HESA Range to shoot. You are also expected to clean up when you are done shooting, including returning target stands to the Rose-Iris Range House and picking up brass.

Always remember to treat every firearm as if it was loaded, control the direction of your muzzle, be sure of your target and what lies beyond it, keep your finger off the trigger until you are ready to shoot and use the same safety rules when handling an air rifle as are used with other firearms.

If you have questions about our Hunter Education Classes contact me at: [randyabsolon@gmail.com](mailto:randyabsolon@gmail.com).

## CHIEF RSO REPORT

By: Mike Ensminger

The next RSO Class is scheduled for February 7. If interested and your membership is up to date, send a note to **Dan Martini** ([dantini@charter.net](mailto:dantini@charter.net)) to get on the list.

Membership renewal time is approaching. If RSOs renew early, you will have access to the 2025 Duty Calendar when your renewal is processed. If you have renewed, you should be seeing access to the calendar in the next couple of weeks.

When you select your duty dates, go to your “dashboard” to verify what you are signed up for. This is the only place you can see them before the new duty year starts on April 1st.

If you see any you did not intend to choose, get ahold of me right away and I can remove them. We try to make it easy to select, but not so easy to change your mind.

## NEXT RANGE SAFETY OFFICER CLASS

By: Dan Martini

Our next **Range Safety Officer Class** will be on **Friday February 7** at the Shotgun Range House starting at 8 a.m. If you can make this Class date, send me an email message to [dantini@charter.net](mailto:dantini@charter.net) including your TCSA Membership number and I will add your name to the Class List.

**Note that all current annual Memberships expire on March 31, so we will require those individuals who want to attend this Class, to renew their TCSA membership through 2025-2026 time period.**

If you are not a current TCSA Member, go to our webpage at [www.TCSA.info](http://www.TCSA.info), download the form and mail it to the address on top of the form with your check or join at the Range.

**ALL MEMBERS MUST** show a current **Membership Card** to the RSO on duty upon arrival at the **Range**. Membership Cards need to be shown at **all Ranges** and **all Events** or you will be required to pay the **non-member Range Use Fee**. **EVERYONE must sign-in!**

## RATTLESNAKE MOUNTAIN STEEL SHOOTERS

By: Mike Ensminger

49 guns were represented in December and we will be out there again on **January 5**.

Sign-ups are at the Range on Match Day, but we will pre-squad you if you send us an email with names and whether each shooter is using 1 or 2 guns. email to me [mikeberta4@gmail.com](mailto:mikeberta4@gmail.com).

## PRIMITIVE RANGE

By: Clint Bouslaugh

The **December Shoot** was a wet cold day. I am hoping January will be better weather.

The **January Shoot** will be on the **18th** from 9:00 a.m. until noon. Come prepared for frozen feet or mid-50's, just be sure to bring your shooting gear.

We are working on developing more focused Events for the new year, we will be having our Youth Introduction to Muzzleloading Shoot in May and a Turkey Shoot in November.

Hope to see you at the Range in the new year.

## COWBOY ACTION

By: Mike Ensminger

We had 9 hearty souls that showed up for the December Match on a particularly nasty, windy day. Made it kind of interesting having to do stage design on the fly when half the targets would not stay up long enough to get a shot at them.

Our **next Match** will be held on **January 25**, weather permitting. If the forecast looks really bad, check the web site before driving out, just in case we are savvy enough to cancel.

Shooter's meeting at 9:00.

# SHOTGUN REPORT

By: Mark Monopoli

Happy New Year everyone! 2024 has come to a close and we are onto 2025. In many ways 2024 was a pretty good year for the Shotgun Range and hopefully we keep the proverbial ball rolling in 2025.

With one more token count to go for the year the Shotgun Range is looking to end with just over 12,000 rounds thrown. Keeping in mind that a "round" for the Shotgun Range is (25) targets, meaning we threw in excess of 300,000 targets. That translates to 2223 cases or 33 pallets for the year. That makes for a lot of work loading all of those targets first into the storage building by the pallet, then into the trap and skeet houses by the case and finally by hand into all of the machines. And just because I like numbers, if we figure an average 1oz load per shot, we put approximately 9.5 tons or 19,000 lbs. of lead down range this year.

Trap was still the most popular game shot with a combined token count of over 7100 rounds thrown which is an increase of approximately 550 rounds over 2023. This can probably be attributed to the ever-popular Non-League Trap League and the Turkey and Christmas Shoots.

Skeet suffered a different fate in 2024 with a drop of just over 1000(!) rounds from 2023 numbers. This one is a bit perplexing. Honestly this drop in skeet rounds can probably also be attributed to the popularity of Non-League Trap League. We are looking to bring back the glory of Skeet League with monthly Non-League Skeet League Shoots in 2025. And hopefully a couple of Registered shoots as well.

5-Stand followed the trap numbers with the total round count being up by 140. 2023 was a bit of a slow year for 5-Stand, but **Rick Poehls** is on the job and looking to bring it back to the glory days of when the great **Phil Volkman** was in charge.

Back to the subject of the yearly numbers, all of the ranges were asked to figure the total number of volunteer hours it takes to run each of the disciplines for the year. This includes all of the RSO hours, mowing and lawn maintenance, target maintenance, administrative stuff, banking, machine maintenance, sprinklers, meetings, cleaning, printing materials, buying supplies, running shoots, etc., etc., etc. We tried our best to be accurate when we came up with just under 7000 volunteer hours for 2024. What does that number really mean? There are plenty of things to do around the Shotgun Range if you feel like lending a hand. It is not a complicated process to get started as it just takes showing up and offering to help.

It seems like months ago, but on December 15 we held the **Christmas Shoot**. The weather was fantastic this year and we had 57 shooters show up for the final **Fun & Games Shoot** of the year. Once again, we all owe **Chad**

and **Paulyn Ungerecht** a heartfelt **THANK YOU** for all of the hard work they put into the preparation and running of these shoots. These shoots are a great way to get people to come out to the top-notch range we all enjoy.

This is the time of year to reflect and give thanks for things we have and that we may take for granted. The easy one is to be thankful for having such a nice range to shoot at each week. Being thankful for all of the volunteers that came before us and laid the groundwork for what we continue to improve upon today. Thankful for the Tri-Cities Shooting Association (TCSA) and all of the volunteers who keep pushing for new ranges, improvements and for keeping our administrative ducks in a row. Thankful for everyone who volunteers their time to be an RSO, mow the lawns, load machines, empty the garbage cans, set courses, run shoots, come up with good ideas, propose bad ideas, paint the yardages on the fields, start a fire on a cold day, share in a laugh, tell a story...or just come out and be a part of things.

Personally, I am most thankful for all of the friendships I have made at the Shotgun Range over the years. Many of whom I never would have met otherwise. Never would have shared hotels with for days on end at State Shoots, Regionals, Nationals and off the wall fun shoots. Shared a laugh while just sitting around the 5-Stand field or digging up a waterline that seemed buried way to deep. Trying to figure how to load string into the damn weed-eater. Troubleshooting a machine, loading targets, discussing things from the mundane to serious health issues. Meeting someone new or hearing the terrible news that we lost another of our friends to father time. It is part of the ride and I am thankful for all of it.

While the Shotgun Range is a great place to shoot, it is the people that make it so. Do we get along all of the time? No. Will **Tom Walchuk** eventually irritate you? Yes, but he will also be there to help each and every time he is asked. Will **John Wilgus** voice a strong opinion on everything or anything? Absolutely, but he is also the first person to offer to help someone get better. Will **Mike Tomlinson** tell you about a 60-yard crosser he was crushing? Count on it, but he will also give you the shirt off his back if he thinks you need it. **Phil Volkman's** offered advice on a Shotgun related issue that I still use in my everyday life years later. I could keep going and mention **Dave Otto, Lindsay Nelsen, John Dyes, Steve Williams, Eric Bickel, Doug Fearing, Rick Poehls, Stu Bruce, Jay Judy, Terry Riley, Tex Reid, Don Klages, Ron Gieger (RIP), Don Lint, Lyle Laughery, Marv Steele, Chris Quinton** and so many others out there that I have learned something from.

I am thankful for being President of the Shotgun Range. I enjoy talking about Shotgun, I enjoy working out there, writing these newsletters, sending out emails about the shoots and being around all of you. Even when you make it difficult to like you, I still like you. I enjoy shooting trap, skeet, 5-stand and any other type of game where a clay target is thrown in the air or on the ground for that matter.

Have questions? Hit me up, I also enjoy sharing my enthusiasm for shotgun sports.

If we have one objective for 2025, being a public range, is that we all need to strive to be welcoming and helpful to new shooters. Say hello to people you don't know, answer questions if you can and if you see someone doing something that's maybe not quite right, start with saying something and explaining a better or the safe way of doing things. Safety and shooting etiquette is on all of us. We were all new to the Shotgun Range at one point or another and sometimes we don't know, what we don't know. Likewise, if you are new to the Shotgun Range do not be afraid to ask questions. I promise if I look irritated it is only because I was trying to put string on that damn weed eater again.

**Thanks again everyone! I wish you all a successful and Happy New Year!** As a reminder we have a new website at [www.tcsashotgun.com](http://www.tcsashotgun.com) where you can find range information and an **Events Calendar** for everything Shotgun Related.

**Reminder - Our first Youth Day will be on January 5 starting at noon.** Questions or to RSVP send me an email, text or give me a call. Contact information is below.

**RSO Scheduler for Shotgun, David Russie has been emailing everyone about duty days for 2025.** Haven't seen the email just yet? Please check your spam folders. You can always reach him at [roscheduler@gmail.com](mailto:roscheduler@gmail.com) (new email) if you have questions regarding Shotgun RSO Scheduling days. Everyone needs to be signed up for and complete 3 duty days for 2025.

## SAFE SHOOTING OPPORTUNITIES FOR YOUTH

By: **Dave McNeal**

**DECEMBER 21 PISTOL PLINKING:** Despite the rain, five shooters from four families participated in the event. Jaxson, Liam, Finn, Townes and Izaiah took AMPLE OPPORTUNITY to hone their shooting skills on steel and paper targets with .22, .380, 9mm, .38, and .45 pistols and revolvers including a black powder experience with a .45 Long Colt. Many thanks for **Mike Ensminger** hosting the Event at Pistol Bay 7 and for providing an excellent and well received safety briefing and instructional program. And thanks to the parents who braved the weather and gave their kids the opportunity to reinforce their gun safety protocols and enjoy a different shooting experience.

**PLANS FOR 2025:** The TCSA High Power Discipline has granted us slots at the new **Smallbore Competition Range** for **two .22 Matches** per month from **April through October**. The Matches will be on the second Saturday and fourth Sunday of each of those months. More information will be forthcoming in March, but you can get on the Match List now to help us ensure that our planning accommodates shooters and their families. Information on sign-up is available from [TCSAYouth@tcsa.info](mailto:TCSAYouth@tcsa.info)

Shotgun will sponsor **Free Youth Clay Bird Shooting** one weekend each month starting at noon. The weekend deal rotates each month. Persons under 18 years old always shoot without paying a Shooter's Fee at our Ranges, but Shotgun is sweetening the deal by offering **two rounds of clay targets free** of the normal charge for the targets. Bring your personal shotgun and shells. To find the dates and contact information see the calendar at <https://tcsashotgun.com/calendar/>

Also, we already have **Cowboy Experience, First Shots, Introduction to Muzzle Loaders** and **CMP .22 Sporter Match** on the 2025 calendar. Volunteers wishing to offer other **Safe Shooting Opportunities for Youth** activities are welcome to submit plans, dates and information to [TCSAYouth@tcsa.info](mailto:TCSAYouth@tcsa.info)

**COMING SOON:** We have scheduled a couple of indoor activities for the depths of winter.

January 11 we will host **SAFE SHOOTING SPORTS FOR YOUTH INTRODUCTION TO GUN CLEANING AND MAINTENANCE**. This will be an instructional and hands-on experience. For details email [TCSAYouth@tcsa.info](mailto:TCSAYouth@tcsa.info) or text 509.366.6879.

In February we are planning to have an **Introduction to Handloading Ammunition**. Stay tuned for updates on that.

**February 22** will provide a Spectator Opportunity at **Kennewick High School** to observe a **Regional Junior ROTC Airgun Match**.

# HIGH-POWER

By: Dave Baalman

Happy New Year! With 2025 upon us, it is time for new beginnings, including a new calendar, which is up on our website. Also new for 2025, our new **Smallbore Competition Range** will be up and running, with scheduled **Youth Smallbore Matches** beginning in **April**. Take a look at the Match descriptions page for more information. If there is a type of Smallbore Match we currently don't shoot that you would like to get started, we will likely be interested in putting it on. Get in touch with one of the High-Power contacts listed below.

We are also currently working on updating our **Policy / Rules Sheet for RSO use of the High-Power Range** for non-match shooting. If you are not familiar with this document, do not feel bad, most of us weren't. Its current version is over a decade old and therefore way out of date. We will have it up to date soon and we will make it more available than where it's currently hidden behind the login wall on the TCSA general RSO page. I will put a link to it in the Newsletter once we have it as well.

We do have a handful of Matches scheduled for January, beginning with a **NRL 22 Rimfire Match** on **January 4** and a **PRS 22 Match** on **January 5**, both at **HESA**. There is also a **1MOA Steel Match** on **January 19** at High-Power. Dress warm and we hope to see you there!

The full schedule is available at <https://www.tcsahighpower.org/>. You can see a full description of each match on our website as well <https://www.tcsahighpower.org/match-descriptions>

# MEMBERSHIP RENEWALS

By: Sue Verwest

With the start of a new year comes the start of "Renewal Season." We currently have just over 2,500 members! To the members who have already sent in their renewals for this coming year - thank you!

**Membership Renewal forms** can be found on our web site [www.tcsa.info](http://www.tcsa.info) under the tab "Join/Renew". Membership Renewal Forms are also available at both the Rose-Iris Range and the Shotgun Range. Print out a Membership Form or get one from the Range and send in your renewal. Your early renewal will ensure you receive your Membership card in time for your next visit to the Range.

**As in the past, we are giving away an early renewal prize. In fact, this year we have 2 prizes we will be giving away to 2 lucky winners who renew early.**

You will **double** your chance of winning if your renewal is post marked / received by **FEBRUARY 28**. You will have a single entry if your renewal is post marked / received during the month of MARCH. The drawing for the prizes will take place at the General Membership Meeting in April.
