## PRESIDENT'S REPORT

By: Mark Verwest

The entire Rattlesnake Mountain Shooting Facility (Rose-Iris, HESA, Pistol Bays, High-Power and Shotgun) will be **CLOSED TO ALL SHOOTING** on **MONDAY, JUNE 10** in support of the Benton County Fire Department cutting fire breaks around our entire Range. Thanks for your cooperation!

\*\*\*\*\*

We had a great turnout for our **First Shots Program** this year. Be sure to read **Mike Ensminger's** Article for the details on page 3. I would like to thank everyone who volunteered to put this program on. Your work is appreciated by the Board and by all the participants.

**Fire season** is here. Everyone needs to make sure their ammo is approved for shooting at the Range.

**The snakes are out.** Be careful of your surroundings and watch out when you reach for something on the ground.

**ROSE-IRIS RANGE**  
**Hours of Operation**  
**9:00 a.m. to 3:00 p.m.**

**Wednesday, Friday, Saturday, Sunday**

## CHIEF RSO REPORT

By: Mike Ensminger

If you have been to the Centerfire Plinking Range lately you may have noticed it is a lot easier to avoid splinters in your fingers and lost ammo under delaminated plywood.

The new bench was installed as an **Eagle Scout** project headed up by **Daniel Bennett** of **Troop 2020**. Looking at the materials used and having watched it go in, I think this one is built to last.

Thanks for a job well done.

## TCSA FACILITIES

**ROSE-IRIS RANGE** – A 100-yard range with 20 covered firing points. This day use Range Safety Officer supervised facility is operated for public use on a regularly scheduled basis Wednesdays, Fridays, Saturdays and Sundays.

**RIMFIRE PLINKING RANGE** – A 50-yard 22-caliber Range Safety Officer supervised Shooting Range with reactive targets.

**CENTERFIRE PLINKING RANGE** – A 50-yard handgun pistol/revolver RSO supervised range with reactive targets for firearms using black powder or standard pistol cartridges.

**COWBOY / PRACTICAL PISTOL BAYS** – Ranges consisting of 13 bays of varying lengths designed to support a variety of action shooting disciplines such as; Practical (IPSC/ USPSA) 3-Gun Sports and Cowboy (SASS) groups.

Cowboy Action Rep. – **Charles Kissler** – 509.783.8505

**Nelson Thomas** – 509.727.4678

Practical Pistol Rep. – **Curt Berger** – 541.720.7826

**1000-YARD, HIGH-POWER RANGE** – A Range consisting of 100, 200, 300, 600, 800, 900 & 1000-yard firing lines that can support 20 firing stations on each firing line (utilizes manned target operation). The 400-yard line has 5 firing stations and the 500-yard line has 10 firing stations. This Range supports High-Power Rifle, Long Range PALMA and Precision Shooting Events of various disciplines, including 50-Caliber.

High-Power Rep. – **Mike Sowa** – 541.571.1892

**HUNTER EDUCATION RANGE:** This Range has been designed to support Hunter Education Training Classes and also has a practical field exercise area containing obstacles hunters could expect to encounter in the field. The covered firing line can be used independently by current RSO's as an overflow from the Rose-Iris Range and may be available for RSO supervised public event use when not being used for the conduct of Hunter Education Classes.

Hunter Ed. Rep. – **Randy Absolon** – 509.845.3632

**PRIMITIVE USE RANGE:** - A Range Area for muzzle loading and primitive Sagebrush Free Trappers reenactment events with parking, staging and various range areas.

Primitive Range Rep. – **Clint Bouslaugh** – 509.585.6415

**SHOTGUN RANGE:** Includes a set of two ATA regulation Trap Fields, two Skeet Ranges and a Sporting Clay Range supporting five firing stations and a Pattern Board.

Shotgun Rep. – **Mark Monopoli** – 509.531.6929

## “WELCOME” NEW MEMBERS

Welcome! In this Newsletter you can find the contact information for the Board Members and above you can find contact information for the different Ranges. The Ranges were built and are maintained by volunteers. We encourage you to get involved and be a part of TCSA.

New members from this past month should have already received their membership card(s). If you have not received your card, contact **Sue Verwest** at [membership@tcsa.info](mailto:membership@tcsa.info) or 509.735.1662.

Check out our TCSA web site [www.tcsa.info](http://www.tcsa.info) for a variety of information. The Newsletter is posted on the web site the beginning of each month.

## HUNTER EDUCATION AND SAFETY ASSOCIATION

By: **Randy Absolon**

Next up is a **Traditional Class** that will be held from **June 10-27**. Registration for that Class opened on May 20. We will meet on Monday and Thursday evenings from 5:30-8:30 p.m. and have a **Range Day** on Saturday morning **June 22**.

We anticipate holding **Field Skill Evaluations** for students who have completed the Online Course in August and September, but nothing has been finalized at this time. Students needing the Field Skills Evaluation before then will have to check the WDFW website for classes that have openings.

**RSOs using the HESA Range** are expected to sign in at the Rose-Iris Range before going over to the HESA Range to shoot. You are also expected to clean up when you are done shooting, including returning target stands to the Rose-Iris Range House and picking up brass.

Always remember to treat every firearm as if it was loaded, control the direction of your muzzle, be sure of your target and what lies beyond it, keep your finger off the trigger until you are ready to shoot and unload firearms when they are not in use.

If you have questions about our Hunter Education Classes contact me at: [randyabsolon@gmail.com](mailto:randyabsolon@gmail.com).

**Hearing and Eye protection required when shooting!**

# FIRST SHOTS EVENT

By: Mike Ensminger

We hosted a **First Shots Event** on May 11 with 3 classes working their way through the Classroom Session and live fire training on the range.

We managed to catch a record-breaking hot day (it was reading 93° on my car thermometer as we packed up at the end of the day), but everyone managed fine in the heat and looked like they had a good time.

It takes a lot of **volunteer Range Safety Officers** to staff an event like this with a 1 to 1 ratio of shooters to RSOs, but it is always a lot of fun working with new shooters and I expect we will see some new TCSA members as a result.

Thanks again to the RSOs that provided the firearms and expertise and then spent a long day out in that heat, namely, **Dan Adams, Clint Bouslaugh, Ethan Brackenbury, Sam Cueto, John Drewrey, Robbie Ensminger, Bill Greger, Mark Hunn, Ron Jorgensen, Charles Kissler, Chuck Nay, Dick Nelson, Rob Opgenorth, Greg Spencer, Shane Stephens, Gary Stratton, Nelson Thomas, Mark Verwest** and **Jim White**. We couldn't do it without their help.

# ADVANTAGES OF BEING A RSO

To become a TCSA RSO, you need to have and maintain your TCSA Membership, complete an 8-hour Class and volunteer to stand 3 days per year at the Rose-Iris General Purpose Range on a Wednesday, Friday, Saturday or Sunday. You choose which of those three days you will be able to meet.

The advantages of being a RSO and obligating yourself as a volunteer at TCSA means that on days when the Range is not open to the general public - YOU - as a RSO can use the Range. **Having gone through the RSO Training Class and volunteering your time you are able to go to the Range any time you like!**

For more information and to get your name on the list for the next RSO Class see the Article on Page 3 and contact **Dan Martini** at [dantini@charter.net](mailto:dantini@charter.net).

RSO Questions / Concerns  
**Chief RSO - Mike Ensminger**  
[chiefrso@tcsa.info](mailto:chiefrso@tcsa.info) or 509.521.9628

# RATTLESNAKES

Once it starts warming up, we get uninvited guests show up on our Ranges. Watch where you step. Be aware of your surroundings. Watch when you reach for things!

# TCSA PUBLIC MEETING

**THURSDAY, JUNE 13**  
**7:00 p.m.**

**RICHLAND PUBLIC LIBRARY**  
(Conference Rooms A & B)

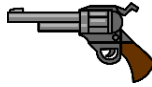

**ALL MEMBERS MUST** show a current **Membership Card** to the RSO on duty upon arrival at the **Range**. Membership Cards need to be shown at **all Ranges** and **all Events** or you will be required to pay the non-member Range Use Fee. **EVERYONE must sign-in!**

# RATTLESNAKE MOUNTAIN STEEL SHOOTERS

By: Mike Ensminger

The nasty weather forecast scared off a lot of shooters in May, but luckily only the forecast was bad. 22 guns were competing and the weather cooperated so we didn't get wet till driving back to town in the afternoon.

The next **Match** will be on **June 2**, shooter's meeting is at 9:15 a.m. Send us an email to [mikeberta4@gmail.com](mailto:mikeberta4@gmail.com) with names and number of guns each (1 or 2) to pre-squad you if you care who you shoot with.

## PRIMITIVE RANGE

By: Clint Bouslaugh

May 18th was a beautiful day to be at the range shooting. We held our "**Youth Introduction to Muzzleloading**" Shoot. We had 6 sign-ups and 4 actually show up. The youth that attended each took 15 - 20 rifle shots and 5 - 8 pistol shots using both percussion and flintlock guns. Two of the adults also took the opportunity to try their hand at shooting both rifle and pistol. It was an experience enjoyed by all. The youth left with their targets, a Washington State Muzzleloading Association pewter medallion and an enthusiasm for a new type of firearm.

Our next Monthly Shoot will be on **June 15** from 9:00 a.m. until noon. Come on out and join us.

## COWBOY ACTION

By: Mike Ensminger

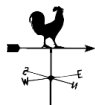

We had 11 shooters show up on Memorial weekend despite family outings and holiday plans elsewhere.

Our next **Match** will be on **June 22**, with the shooter's meeting at 9:00 a.m.

We will also be having a **Wild Bunch Match** on **June 29**. You can plan on 6 stages with up to 200 pistol, 60 rifle and 40 shotgun. Shooter's meeting at 9:00 a.m.

**WEATHER CONDITIONS** at the Range can be found on our homepage – [www.tcsa.info](http://www.tcsa.info)

# OPPORTUNITIES FOR YOUTH SHOOTING SPORTS TEAMS AND CLUBS

By: Dave McNeal

We are conducting a survey to gauge interest in formation of a Youth Shooting Sports Club or Teams. If you would like to participate in the survey, please contact Dave McNeal at [mcnealendofthetrail@gmail.com](mailto:mcnealendofthetrail@gmail.com). Or pick up a copy of the survey form at the Rose-Iris Range House. We will welcome input from youth as well as adults.

For more information, questions or comments, please contact me at: [mcnealendofthetrail@gmail.com](mailto:mcnealendofthetrail@gmail.com)

## NEW .22 LONG RIFLE SMALL BORE RANGE DEVELOPMENT

By: Ron Jorgensen

The development of the new **Smallbore Range** is currently underway and a lot of progress has been made. The development of the new Range requires moving several feet of soil and rock to create berms on three sides of the Range and to level the area of the Range. The first two feet of digging went well. Unfortunately, the developer ran into a sediment called caliche. **Caliche** is a sedimentary rock, a hardened natural cement of calcium carbonate that binds other materials—such as gravel, sand, clay and silt and is very hard to dig. This has slowed progress, but it is anticipated that by the end of June we should be looking at a new Range. We have purchased a new Conex that has been delivered to the site for storage of match supplies and equipment.

FLY THE FLAG – JUNE 14

# HIGH-POWER

By: Dave Baalman

With Memorial Day behind us, we are “officially” into the summer months. This means lots of shooting of course, but it also means it is time for extra vigilance on the Range. We don't want to test the fire break, and we do not want to have to haul someone to the ER with heat exhaustion. Make sure when you load up to go to the range to pack your water, sunscreen, etc., and make sure to keep fire safety in mind especially with where you are parking or driving.

June kicks off on the Centerfire side of things with a **V2 Points Series Long Range Match** on the **June 1**, followed by a **300 Yard Open Any Rifle** on the **15<sup>th</sup>** and ends with an NRA approved **RMC** on the **29<sup>th</sup>** and a **CMP Leg Match** on the **30<sup>th</sup>**. If you are looking to make some headway toward your Distinguished badge or boost your classification, this is your last chance until September.

On the smallbore side of things, we have a **50/100 Yard Dewar Match** on the **4<sup>th</sup>**, a **Vintage Smallbore** on the **6<sup>th</sup>**, a **100/200 Yard Match** on the **9<sup>th</sup>**, a **50 Yard USBR Smallbore** on the **11<sup>th</sup>**, a **50 Yard ARA Smallbore** on the **13<sup>th</sup>**, a **PR-22 Match** on the **23<sup>rd</sup>** and a **100 Yard Mini Palma** on the **25<sup>th</sup>** to round out the month.

Looking back at May, we had a **Long-Range Regional Match** on the **3<sup>rd</sup> - 5<sup>th</sup>**, with a little excitement for those who attended in the form of wind. Have you ever looked through your scope and watched your buddy's target go cartwheeling across the range – the whole 6-foot square target and backer board? We stopped shooting on Saturday after the northwest wind broke one target frame's uprights and blew off four other target faces. As Sunday's forecast looked to be more ominous, only 10 shooters stayed on to finish the Match. Although a little rainy, Sunday's southwest 15-mph wind was less impactful than Saturday's 28+ mph gusts. In the end, Spokane's **Daniel Maple** bested the F-Open shooters with a 983-35X. This was Daniel's first Rattlesnake Long Range victory capped by Sunday's impressive scores of 199-9X, 199-6X, and 198-8X. Following Daniel were **Ted Wedell** in second with 979-37X and **Joe Traylor** in third with 977-39X. **Mike Sowa** took the F-Target Rifle win with 944-20X. **Bill Brown** finished in second, 938-14, and third, **Charlie Chan** with 935-17X.

On the 11<sup>th</sup> we had a **Regional Match Course**, with Benton City's **Adam Maxwell** besting the field with a 768-26x. Spokane's **James Patterson** was second with a 767-17x. For those with a keen memory you will note that is two matches this year that James has lost by just 1 point. That is extremely rare here at Rattlesnake! **Dave Baalman** wound up third with a 755-11x.

On the smallbore side we had a **50/100 Yard Dewar Match** on the 7<sup>th</sup>, which was contested under clear skies with temperatures in the 50's. The wind started out fairly steady at about 10 mph across the course on the first relay but became more challenging on the second relay shifting back and forth between a 15-mph head wind and a 10-mph crossing wind. **Jeff Davis** picked up the late adjustments best and won the match with a score of 393-17X. **Brandon Tinker** gave Jeff a run for his money and shot the only clean card of the match, 200-13X at 50 yards for the high card honors.

There was a **Vintage Small Bore Match** on the 11<sup>th</sup>, with some superb shooting on display. All shooters scored 96% or better! **Brandon Tinker** won the Match and had the high card score of 200-8X. **Larry Meerdink** had a double clean raw score (200-11X/200-13X) but the scope handi-cap dropped him out of contention for top spot/high card honors.

May 14, we held a **50-Yard USBR Match**, which was contested in bright, temperate conditions. However, once again, variable winds made the "Green Monster" one of the more challenging targets for TCSA shooters. Only **Ben Cook**, **Mike Bunch** and **Tom Halecki** posted aggregate scores north of 90%, and X's were rare as hens teeth. Congratulations to **Ben Cook** who won the Match with a score of 475-4X and honors for the high card of 241-1X.

At the **50-Yard ARA Style Match** on the 17<sup>th</sup>, although the skies were fair and the temperature pleasant, the sporty Rattlesnake winds depressed participation and scores. **Tom Halecki** was the sole competitor to break 2000 on any card, winning the match with an aggregate of 3835-7X and the award for high card with a score of 2050-4X.

The full schedule is available at <https://www.tcsahighpower.org/>. You can see a full description of each match on our website as well <https://www.tcsahighpower.org/match-descriptions>

# SHOTGUN REPORT

By: Mark Monopoli

**Shotgun is now open until 7:00 p.m. on Wednesdays** during the summer months. Come on out after work and shoot a couple rounds. We will be opening 5-Stand on Wednesday afternoons and maybe shooting some fun and games on the trap field. Either way, targets should be flying.

Last month we had the new voice calls on the Trap fields, and this month we have a new system on the main Skeet field as well as a new wireless system on the 5-Stand field. That's right, there are a lot of new things to come check out at the Shotgun Range.

The new voice calls on the Skeet field operate very similar to our old system, with a few minor differences.

- The main controller is now Red and has (4) buttons on it. Hi House, Low House, Doubles, and then there is a Red colored button to use the button in Manual mode.
- To shoot by yourself utilizing the voice call system you need to turn on the voice box by pushing the circular power button on top of the red voice box.
- Then use the hand controller to select the target presentation and call "Pull". Or whatever word you'd like to use. When you call pull the first bird will be thrown and then the system will advance to the next bird on report of your gun.
- To throw birds manually, when in a group, it works just like the old system. EXCEPT, you need to PUSH & HOLD the Red button until it BEEPS and the little led light stays on. Likewise, to switch back to the voice call, you will need to PUSH & HOLD the Red Button until it beeps and the led light turns off.

If you have any questions or issues with the new systems, please let me know. 509.531.6929

We also have a new wireless system in place on the 5-Stand Field. While the old system worked pretty well, the new controller helps to simplify things and make it easier to move machines around. The main controller allows a wide range of options that will help run 5-Stand a little more efficiently. All of this means 5-Stand is open once again and we will be throwing targets on Wednesday afternoons (4:30ish) if we have interest and Sunday mornings (9:00 a.m. start).

While we are on the topic of new, the Shotgun Range has a new RSO Scheduler. The **Great Chris Quinton** accepted a job in Dallas, Texas and has made the move South. We all owe Chris a debt of gratitude for doing an amazing job as RSO Scheduler for the past 4 years. Honestly it probably involves the most work and organization of all the volunteer positions at Shotgun. Fortunately, we were only absent a RSO Schedule for about a week when **David Russie** volunteered to take over position. After an exhaustive interview process and spelling bee the Shotgun

Board approved Russie for the job. Which means if you have issues, questions, or scheduling requests, you can contact Russie at [roscheduler@tcsashotgun.com](mailto:roscheduler@tcsashotgun.com).

Russie will be texting out reminders during the weeks to everyone that has duty coming up. If you are not sure of your duty days please get in contact with Russie. We depend on everyone working the days they signed up for. Thank you for volunteering your time at Shotgun, we do appreciate it.

A couple of things to remember when closing the Trap and Skeet houses.

1. Please make sure the machines are fully loaded and take all the cardboard boxes to the dumpster.
2. Be sure to release the throwing arms on all the machines. This is not only so that the machines are safe, it also helps preserve the throwing bands. If you have questions, please ask.
3. Do not adjust the machines unless you are sure of what you are doing. Damage to the machines can occur.
4. The chain across the road needs to be put up when the range is closed.

**Hero Volunteer of the Month** is going to **Phil Volkman** for taking the time to get 5-Stand up and running this year. We are going with a simpler layout this year, sticking with 6 or 8 machines per course. This cuts down on the number of targets that need to be learned per course which doesn't sound like much, but it does make it an easier game to learn.

With Membership Renewal season still going strong please remember to give out Temporary Membership cards to all new members. Please make sure they understand they will need to present the temporary card every time until they wait for their permanent card to come in the mail.

Thank you to everyone for volunteering at the Shotgun Range. If you have the time, come out and enjoy shooting at this great range of ours.

Have a great month everyone and thank you again!

## SHOTGUN RANGE HOURS

Wednesday – 9:00 a.m. to 7:00 p.m.  
Saturday and Sunday -- 9:00 a.m. to 3:00 p.m.

Current weather conditions at the Range can be found at [www.tcsashotgun.com](http://www.tcsashotgun.com) and [www.tcsa.info](http://www.tcsa.info).

# PRACTICAL PISTOL

By: Pam Harper

The **Inland Empire Sectional Match** will be held **June 15 - 16**. For those that did not get in, please register to get on the waitlist.

<https://practiscore.com/2024-inland-empire-sectional/register>

USPSA National Range Officers Institute, **NROI**, has a website that has valuable information about the Rules and interpretations of the Rules. Check it out at <https://nroi.org>

**TIDBITS:** I would like to take a moment to recognize 14 of the 45 Area-1 ROs. These 14 ROs are from the Inland Empire: **Phillip Barlow, Shane Batke, Pam Harper, Warren Harper, Daniel Hughes, Dwight Hughes, Megan Hughes, Brian Humann, Jodi Humann, Wade Meyer, Rich Nelson, Thilo Neubert, Gen Quale** and **Larry Romaine**. Thank you all for stepping up and making our Area-1 Match a success!

**NATIONAL NEWS:** [www.uspsa.org](http://www.uspsa.org)

The dates for USPSA Nationals 2024 can be found here <https://uspsa.org/nationals>

The **USPSA Rules:**

<https://uspsa.org/viewer/USPSA-Competition-Rules.pdf>

Download to your phone for easy access.

The USPSA Rules Change Log is located here;

<https://uspsa.org/viewer/USPSA-Competition-Rules-Change-Log.pdf>

**LOCAL NEWS:**

EWPSA will be hosting a **Level 1 Seminar (RO Class) July 20-21**. You can register for this RO class with the following link <https://uspsa.org/seminars/details/551>. You must be logged into USPSA before registering. If you enjoy shooting with us, please consider signing up for the Seminar and giving us a hand during our local Matches. Your help would be greatly appreciated!

All **EWPSA match results** can be found here:

Practiscore.com: <https://bit.ly/EWPSAScores>

**EWPSA Carbine Match May 5** - had 16 competitors. The winner was: **Christopher England**.

The **EWPSA Monthly Match May 12** - had 81 competitors with 7/9 USPSA Divisions represented. The Division winners were: Open: **Ryan Barnes** (overall winner); Carry Optics: **Mikayla Hill**; Limited: **Daniel Hughes**; Limited Optics: **Sam Wagg**; PCC: **Mike Czebotar**; Production: **Latu Moala**; and Single Stack: **Eli Pugsley**.

The **Steel Challenge Match May 19** - had 21 guns with 7 Divisions represented. The Division winners were: RFRO: **Mike Czebotar** (overall winner); PCCO: **Mike Czebotar**;

RFRI: **Mark Wells**; RFPO: **Curt Berger**; RFRO: **Mike Czebotar**; CO: **Robert Pofahl**; LTD: **Patrick Knab**; and Open: **Christopher Sappenfield**.

The **Monthly 2-Gun Match May 25** - had 19 competitors with 5 Divisions represented. The Division winners were: Armored: **Matt Newburn** (overall winner); Heavy Metal: **Rodrigo Silis**; Open: **Skeetz Guilbeau**; Retro: **Jamie Bowkett**; Tactical: **Nicolas Espitia**.

**COMING UP:**

All upcoming EWPSA Matches and Registrations can be found here: <https://bit.ly/EWPSAMatches>

EWPSA will be hosting:

**2024 Inland Empire Sectional Match June 15-16**. All information is on Practiscore.

**EWPSA Monthly 2-Gun Match June 22**. Sign-in begins at 9:00 a.m. Shooting begins at 9:30 a.m. The Match cost is \$25. More details on Practiscore.

**SCSA Steel Challenge Match July 14**. Gates will be open by 9 a.m. and there will be a shooter's meeting at 9:30 a.m. We start shooting after the shooters meeting. The Match will be \$20 for non-members, \$15 for TCSA members. Shooting a second gun is \$5. Refunds will be given for cancellations minus \$2.

**Cowboy Action Match**

**Hunter Education - HESA**

Sunday, June 23

**PR-22 Match - HESA**

Tuesday, June 25

**100 Yard Smallbore Mini-PALMA - HESA**

Saturday, June 29

**High-Power Rifle NRA**

**Wild Bunch**

Sunday, June 30

**High-Power Rifle CMP**

**HAPPY FATHER'S DAY**  
**JUNE 19**

## KEEP THE RANGE CLEAN

Keep YOUR Range clean of trash and spent cartridges. Garbage cans are available. Please be sure the enclosure tops are closed so the garbage can't blow out. Buckets are provided for spent cartridges.

Take a moment to clean up after yourself when you are done shooting.

Check out the "For Sale" items on our web-site  
[www.tcsa.info](http://www.tcsa.info)

Send your "For Sale" or "Wanted" items to  
[membership@tcsa.info](mailto:membership@tcsa.info)

The Handicapped Parking spot is only for those with a state approved handicapped permit.

**FIRST LAW... THE GUN IS ALWAYS LOADED!**

**SECOND LAW... NEVER POINT THE GUN AT SOMETHING YOU ARE NOT PREPARED TO DESTROY!**

**THIRD LAW... ALWAYS BE SURE OF YOUR TARGET AND WHAT IS BEHIND IT**

**FOURTH LAW... KEEP YOUR FINGER OFF THE TRIGGER UNTIL YOUR SIGHTS ARE ON THE TARGET**

**TCSA HATS** are available at the **Rose-Iris Range**.  
They are \$20.00 each (includes tax)

**CHECK OUT THE TCSA WEB-PAGE**
