## PRESIDENT'S REPORT

By: Mark Verwest

The TCSA is trying to get a **Youth Shooting Event** going. Check out the Article by **Dave McNeal** on page 3.

The **Rose-Iris parking lot** will be paved this Spring. This will entail the closure of the Rose-Iris Range for about 4 days. Closures will be posted on our web page when we have a specific time frame.

The construction of the new **100-Meter .22LR Range** will also begin this Spring. It should not involve any closures to our current Ranges.

An **Archery Range** has been approved by the TCSA Board and Safety Committee. See **Mark Monopoli's** Article on page 7.

With better weather on the way, there are many different Shooting Events scheduled at our Ranges. Check out the **Events Calendar** for times and dates.

Shotgun Rep. – **Mark Monopoli** – 509.531.6929

## “WELCOME” NEW MEMBERS

Welcome! In this Newsletter you can find the contact information for the Board Members and above you can find contact information for the different Ranges. The Ranges were built and are maintained by volunteers. We encourage you to get involved and be a part of TCSA.

New members from this past month should have already received their membership card(s). If you have not received your card, contact **Sue Verwest** at [membership@tcsa.info](mailto:membership@tcsa.info) or 509.735.1662.

Check out our TCSA web site [www.tcsa.info](http://www.tcsa.info) for a variety of information. The Newsletter is posted on the web site the beginning of each month.

# HUNTER EDUCATION AND SAFETY ASSOCIATION

By: **Randy Absolon**

We completed our January Traditional Class. We ended up with ten students in Class. There were a few people that had to drop out at the last minute, but there were also five no-shows. That was disappointing, because those people prevented someone on the waiting list from attending the class.

We will hold evaluations for students who have completed the **Online Course** on **March 16, April 6 and May 11. Registration is currently open for the March and May sessions.** We anticipate holding another **Traditional Class** in **June.** Our classes and those offered by other instructor teams are all listed on the WDFW website.

**RSOs using the HESA Range** are expected to sign in at the Rose-Iris Range before going over to the HESA Range to shoot. You are also expected to clean up when you are done shooting, including returning target stands to the Rose-Iris Range House and picking up brass.

Always remember to treat every firearm as if it was loaded, control the direction of your muzzle, be sure of your target and what lies beyond it, keep your finger off the trigger until you are ready to shoot and never cross an obstacle with a loaded firearm.

If you have questions about our Hunter Education Classes contact me at: [randyabsolon@gmail.com](mailto:randyabsolon@gmail.com).

**ALL MEMBERS MUST** show a current **Membership Card** to the RSO on duty upon arrival at the **Range.** Membership Cards need to be shown at **all Ranges** and **all Events** or you will be required to pay the **non-member Range Use Fee.** **EVERYONE must sign-in!**

# CHIEF RSO REPORT

By: Mike Ensminger

Many of you have probably noticed the rough condition of the bench at the Centerfire Plinking Bay. We now have an Eagle Scout candidate that has signed up to put in a new bench that should better survive our surprisingly harsh weather. Look for the new bench in the next month or two.

In that vein, if you see something that needs repair or could be improved at the Range and you would like to volunteer to do something about it, please contact **Mark Verwest, Chuck Nay** or **me**. The TCSA is an all-volunteer organization and we are always looking for ways to make it better and especially for people willing to help make it happen.

## RSO - ROSE-IRIS DUTY DAY SCHEDULING FOR 2024 TO 2025

Rose-Iris RSO's – Once you have received your new Membership Card for 2024 / 2025 you are then able to schedule your 3 Duty Days for the year. The sooner you renew, the more choices you will have !

## ADVANTAGES OF BEING A RSO AND THE NEXT RSO CLASS

By: Dan Martini

To become a TCSA RSO, you need to have and maintain your TCSA Membership, complete an 8-hour Class and volunteer to stand 3 days per year at the Rose-Iris General Purpose Range on a Wednesday, Friday, Saturday or Sunday. You choose which of those three days you will be able to meet.

The advantages of being a RSO and obligating yourself as a volunteer at TCSA means that on days when the Range is not open to the general public - YOU - as a RSO can use the Range. Having gone through the RSO Training Class and volunteering your time you are able to go to the Range any time you like!

For more information and to get your name on the list for the next RSO Class contact **Dan Martini** at [dantini@charter.net](mailto:dantini@charter.net).

# OPPORTUNITIES FOR YOUTH SHOOTING SPORTS TEAMS AND CLUBS

By: Dave McNeal

As part of our initiative to develop a Youth Club within TCSA, we invited **Col. Curt Wichers** and **cadets** from the **Kennewick Air Force Junior ROTC** program to visit RMSF on President's Day. Unfortunately, the weather precluded our plans to provide a firearms experience at Rose-Iris, but the group was able to tour all our facilities. Col. Wichers is giving us an opportunity to interact further with the cadets who have interest in shooting sports.

*"The Kennewick High School JROTC program has an air rifle program at the school with practices Monday, Wednesday and Friday from 3:30 to 5:00. Volunteers would be welcome to mentor the students. Our league has matches 5 times per year and we could use a Range Officer volunteer. Anyone interested in promoting sport shooting and helping is welcome to contact [Curt.wichers@ksd.org](mailto:Curt.wichers@ksd.org) for more details."*

## RATTLESNAKE MOUNTAIN STEEL SHOOTERS

By: Mike Ensminger

The weather was nice, and as a result, we had 54 guns represented at the February Match. The next **Match** will be on **March 3**, shooter's meeting at 9:15.

Sign-ups are at the Range the morning of the Match, but if you would like us to start a squad for you ahead of time, send an email to [mikeberta4@gmail.com](mailto:mikeberta4@gmail.com) with names and whether each is shooting 1 or 2 guns. As usual, Juniors (under 17 and under) shoot free.

## COWBOY ACTION

By: Mike Ensminger

We had no Match in February as too many of our local shooters were out of town for a match in Arizona. We will be back on the normal schedule in March, with a **Cowboy Shoot** on **March 23** and a **Wild Bunch Match** on the **30th**. Shooter's meeting is at 9:00 a.m.

## HIGH-POWER

By: Dave Baalman

Wow where did the offseason go? All my plans for dryfire practice and ammo loading failed to follow through on themselves and here I am scrambling to get ammo ready for the season!

Our annual **Match Directors' Meeting** is scheduled for **Wednesday March 6** at 7 p.m. at Rogers Surveying Inc, 1455 Columbia Park Trail, Richland. We will also have an official vote on new officers for the High-Power group. We have currently got volunteers for each position, but if you want to volunteer for something please show up. We promise not to make anything a lifetime appointment.

March starts the busy time of the year for sure. On the Centerfire side of things, we've got a **1MOA Steel Match** (1000 yard) on **March 3**, and the **Korean War Memorial Service Rifle Match March 9 - 10**. Note there is a special prize for the top M1 in that Match, so gear up accordingly! Then there is a 600-yard **Mid-Range Match** on the **15th** and a **V2 Points Series Long Range** on the **16th**. We round out the month with a 300-yard **Open Any Rifle** on the **30th**.

On the smallbore side of things, we have a **Dewar Match** on the **5th**, a **Vintage Smallbore** on the **7th**, a **50-yard USBR** on the **12th**, a **50-yard ARA** on the **14th**, a **100/200-yard Smallbore** on the **17th** AND a **Precision Rifle Rimfire** also on the **17th** (on the HESA Range), an **ELR 22** on the **23rd** and round it out with a **100-yard Mini-Palma** on the **26th**.

As you can see Smallbore is pretty busy, thus the planned construction of our new **Smallbore Range** coming soon. On that note I am looking for anyone interested in shooting 3 position, 4 position or prone (traditional) smallbore. I will volunteer to run the Match if there is any interest, just shoot me an email. We will probably start small with just 1-2 matches per year, and then expand from there if there's interest.

The full schedule is available at <https://www.tcsahighpower.org/>. You can see a full description of each Match on our website as well <https://www.tcsahighpower.org/match-descriptions>

## PRIMITIVE RANGE

By: Clint Bouslaugh

The February Shoot was a little on the cool and windy side. Luckily it was dry and a fair day for shooting.

Our **March shoot** will be on **March 16** from 9:00 to noon. I will have shamrock targets available for a St. Patrick's Day celebratory shoot. Come on out and enjoy the morning burning powder. If you have never shot a muzzleloader and are curious about it, drop by and try one out.

## KEEP THE RANGE CLEAN

Keep YOUR Range clean of trash and spent cartridges. Garbage cans are available. Please be sure the enclosure tops are closed so the garbage can't blow out. Buckets are provided for spent cartridges.

Take a moment to clean up after yourself when you are done shooting.

## PRACTICAL PISTOL

By: Pam Harper

The **Inland Empire Sectional Match** will be held **June 15 - 16**. The Match is sold out! **Thank You** to all that registered so quickly! For those that did not get in, please register to get on the waitlist. March - May is when work schedules and other conflicts with the Match arise and people drop out. I can then start approving the people on the waitlist.

### TEN RULES OF SAFE GUN HANDLING

1. Always keep the muzzle pointed in a safe direction
2. Firearms should be unloaded when not in use
3. Do not rely on your gun's "safety"
4. Be sure of your target and what's beyond
5. Use correct ammunition
6. If your gun fails to fire when the trigger is pulled, handle with care
7. Always wear eye and hearing protection when shooting
8. Be sure the barrel is clear of obstructions before shooting
9. Do not alter or modify your gun and have your guns serviced regularly
10. Learn the mechanical and handling characteristics of the firearm you are using

**TCSA HATS** are available at the **Rose Iris Range**. They are \$20.00 each (includes tax)

# SHOTGUN REPORT

By: Mark Monopoli

All in all, February went pretty well I think. The weather has been somewhat agreeable but for a little bit of rain and slightly chilly temperatures. All of the machines appear to be working pretty well and we are burning through targets at a pretty good clip.

You may have noticed some targets in the field to the west of the shop building at Shotgun. That would be the new **Archery Range** that was championed by **John Wilgus**. Look for the Archery Report in the other part of the Rattler for more information.

Now that we've got all that new and exciting stuff out of the way, onto Shotgun goings-on! Truth be told, there's not a whole lot going on. I know, but a boring month means everything is working. We did have a very robust turnout the second week of February as we collected 323 tokens across the four fields. Our average for this time of year is 200 per week, so that was nice to see. You can thank the good weather that week for those numbers.

A lot of those tokens are coming from the trap fields right now. With the popularity of the **Sunday 50 Bird Handicap Shoots** and the subsequent practice rounds our little non-league league is doing quite well at bringing out the shooters. Even more importantly, it is a fun time getting together and having everyone take it just serious enough. No matter your ability, or if you've never shot trap before, come on out and join the fun every Sunday at 9:00 a.m. We usually shoot until noon-ish, but the Range is open until 3:00 p.m.

This past week marked Week 1 for the new series of the afore-mentioned **Sunday 50 Bird Handicap Shoots** and the **Klages Buddy Shoots**. Each and every Sunday we all get together for a nice little 50 bird trap shoot where everyone starts on the 20 yard line. If you do well and win, you move back 2 yards for the following weeks. Do kind of well and take second place, you only have to move back 1 yard. As the weeks go on the handicap system starts to work its magic and even the playing field for the shooters participating. Following the conclusion of the 50 Bird shoot we've been putting together the **Klages Buddy Shoot** from the 27-yard line. Essentially, we take first and last, team them up, and the same with second, third and so on. You get to back your buddy up and try to score the best score you can from the 27-yard line. It's challenging and pretty darn fun all at the same time.

The first Week saw **John Wilgus** take the win with a high score of a 48 while **Jay Judy** shot a 46 for second place. John will be moving back to the 22-yard line while Jay will be moving back to the 21.

As mentioned prior, the Shotgun Range has been pretty quiet as of late. Which means I'm going to run out of things to write about. So, just like most of my papers in college, I will start to fill.

Actually, we have a couple of things about opening the Range on non-public days to discuss. One advantage of being an RSO is that you get to shoot whenever you'd like. But if you shoot you need to close down the Range just like any of your other duty days. Machines need to be left full, empty boxes need to be removed from the houses and everything needs to be locked up and shut off properly. Please do not change adjustments on the machines. Skeet targets and Trap targets are thrown at a certain speed, adjust your shooting to the targets, not the other way around. If you have non-members out at the Range with you, yes, they still have to pay the Daily Range Use Fee. As always, **everyone** needs to sign in, whether they are shooting or not. In closing, if you have a question or need direction, please feel free to call me. My number is posted at the RSO Desk and will be in each house soon. I'd much rather take a phone call than replace a hydraulic motor, again. Last but not least, yes you need to stop and put the chain back up as you leave the Shotgun Range. (Note from Sue Verwest – this chain is very heavy)

All in all, we've been pretty good about things, but sometimes we might get a little lax on our post-shooting duties. Thank you to all of our Range Safety Officers for opening the Range in good and bad weather. Together we have one of the nicest Shotgun Ranges in the PNW.

Finally, we have **Hero Volunteer of the Month!** We're giving this to a couple of people this month. **John Dyes** and **Tom Walchuk** have been doing a great job of cleaning the fields on a weekly basis. Not quite as good as **Ron Geiger** did, but they're young and just getting their feet wet. They'll get there. Next, we have **Mike Inglima** and **John Wilgus** who have been going out and tackling some of the smaller jobs that popup. Notably they have been working on painting the yardage number on the trap fields. Sure, they started in the middle, and then ran out of paint, but what is done looks perfect. Thanks, guys, for your help!

# ARCHERY REPORT

By: Mark Monopoli

Shotgun Range, non-shotgun goes on. You may have noticed some 3-D archery targets in the field to the West of the shop building at Shotgun. That would be the newly approved and ready to use **Archery Range** that was spearheaded by **John Wilgus**. The **TCSA Board** voted to approve the installation of the Archery Range at the February Board Meeting.

John has been collecting targets over the past year or so and has donated them to be used on the new Range. The more targets the better, so if you have any laying around and would like to donate them, they will be gladly accepted.

**The Archery Range will only be available to current RSO's and their guests. It is not currently available for use by the general public.** The sign-in sheet for Archery will be in the Shotgun Range House, where all users will need to sign-in and any range fees for non-members will be collected. There will be an established firing line along the North side of the old access road that used to go to the road to High Power. The Archery Range will extend 100 yards to the Northwest-ish. See the map.

**TARGET Arrows only. No broadhead or hunting tips allowed.** The full set of rules and regulations will be posted with the sign-in sheet at Shotgun. Like all the TCSA Ranges, all visitors need to sign-in, whether they are shooting or not.

If you have any questions, want to help out, or wish to donate some targets, get in touch with **John Wilgus** at 509.205.0357 or at [brdslayr@charter.net](mailto:brdslayr@charter.net)

## APPROVED RANGE RULES FOR ARCHERY

- Only current RSO's, and their guests may use the Archery Range at this time.
- Range Use and Agreement form will be located at the Shotgun RSO desk. This form is separate from the Shotgun form.
- All RO/RSOs and their guests, including children under 18 accessing the Archery Range must sign the Range Use and Agreement form located at the RSO Station in the Shotgun Range house, even if already signed in elsewhere on the range. The RO/RSO is responsible for providing RSO safety oversight of their non-RO/RSO guests while they are on the Archery Range. Eye protection is required while shooting. The RO/RSO is also responsible for the collection and deposition of the nonmember \$10 Daily Use Fees of their guests in the Shotgun safe.
- Eye protection is required at all times while on the Archery Range.

- The red flag at the Shotgun Range will be used while the Archery Range is open.
- Maximum target range is 100 yards.
