**PRESIDENT’S REPORT**

By: Mark Verwest

Due to recent legislative changes to I-594, the TCSA will once again be able to offer the **First Shots Program. First Shots** is geared toward first time shooters and offers instruction in firearm safety, responsibilities, and actual shooting. It has been a tremendous success in the past. Please see the Article on page 3 of this Newsletter for more details.

TCSA is also offering a “**Youth Introduction to Shooting**” this year and it looks to be a wonderful opportunity for children to participate in a fun shooting event geared towards safe firearms handling and shooting. If you know any younger people that may be interested, please let them know of this program. Please see the Article in the next column about this fun Event.

I would really like to extend my personal thanks, the thanks of the Board of Directors of the TCSA and the thanks of all the members and the general public to **Jim Petrelli** for the fantastic job he does keeping our toilet facilities in top shape. If you see him out at the ranges, be sure to give him kudos for a job well done!

TCSA has purchased two tables at the upcoming **Friends of The NRA Banquet** which is being held on Friday, March 2nd. If you are interested in purchasing tickets, please contact **Robbie Ensminger** at 509.628.0889.

I am ready for some warmer, sunny weather and would like to see the grey skies leave us until next winter. I plan on getting out to the Ranges more this year and participate in some of the fun shooting events that are scheduled during the coming year. I hope to see you there!

We are in the middle of our winter \textbf{Traditional Hunter Education Class}. In addition to gun safety subjects covered include conservation, sportsmanship, ethics, and survival, among others. We also have a visit from a Fish and Wildlife Police officer who talks to us about what they do, what violations they commonly see, and what they would like us to do if they contact us in the field.

There are evaluations for students who have completed the \textbf{Online Hunter Education Course} coming up on March 3rd and 24th and April 7th. Registration for those Classes is currently open through Richland Parks and Public Facilities. The March 3rd Class is filling up, but there are many seats available in the March 24th and April 7th sessions. These evaluations start at 8:00 a.m. at the HESA Range and finish in the afternoon at the Richland Community Center.

We will have another \textbf{Traditional Class} in June, and additional \textbf{Online Evaluations} in May, August, September and October. There are also other classes in the Tri-Cities area that can be found on the Hunter Education page of the WDFW website.

Remember, \textbf{RSOs using the HESA Range} are expected to sign in at the Rose Iris Range before going over to the HESA range to shoot.

If you have questions on our \textbf{Hunter Education Classes} you can contact me at absolon@gorge.net

\textbf{PRIMITIVE RANGE}

By: Clint Bouslaugh

We had a good day at the Range in January; not too cold with light winds. Most of the shooting was at our steel buffalo targets. We will be holding our next shoot on the \textbf{third Saturday of February} from 9:00 until noon.

We are also preparing for our upcoming \textbf{Rendezvous} on the \textbf{third week-end of April}. At this Event we will be having a rifle and pistol trail walk, knife and tomahawk throwing competition and a primitive archery shoot. This is a \textbf{family friendly event} and we will have separate categories for junior and peewee shooters. There will be a potluck dinner on Saturday evening and prizes awarded on Sunday. Primitive camping is available by the range shack and trailer camping in the parking lot.

\textbf{RATTLESNAKE MOUNTAIN STEEL SHOOTERS}

By: Mike Ensminger

Well, not that I don't follow sports much, but I stopped by the Range this afternoon and one of our shooters informed me that our \textbf{February 4th Match} happens to be on Superbowl Sunday. Might seem like poor planning to some of you, but if you come out and shoot we will make sure we get you out of there well before kick off.

Shooter's Meeting is at 9:15 and we shoot by 9:30.

\textbf{COWBOY ACTION}

By: Mike and Robbie Ensminger

We had a small shoot this month as the weather was not only better than predicted, it was actually better here than just about everywhere else, so most of our shooters opted to stay home.

Runamuck won it, and nobody cleaned the Match. Our big success of the day was getting off the Range as the wind started to kick up.

We will be out there in \textbf{February on the 24th}, hope to see you there.
By: Mark Monopoli

One month down in 2018 already… time flies when you’re having fun! The weather has been agreeable so far this year with plenty of nice days for shooting. If you resolved to shoot more this year, it is a great time to get started!

CROSS-TRAINING FOR THE SHOTGUN SPORTS: More and more Side by Side shotguns have been showing up on the skeet and trap fields as a form of cross training. The SxS offers the same fun and challenging time, but with just a slightly different look and feel from your standard over-under or semi-auto. Credit for this resurgence falls on the shoulders of John Wilgus and his affinity for the SxS. If you have a SxS, bring it out and join in on the cross-training fun. If you were thinking about getting one, they really are a fun gun to shoot, and let’s be honest, they look cool as well!

Did you know we had over 5000 visitors who shot trap, skeet and 5-stand at the range in 2017? Well, we did! It was a busy year, and we handled it with no major hiccups. Thank you to everyone who came to the Range!

We are able to accommodate this large number of shooters because of the great job our Range Safety Officers do. We are always looking for more RSO’s, so if you’re wanting to be a part of the team please see the RSO Training section of this Newsletter. Kristen Arnold has been doing a great job with the RSO schedule which makes serving your (3) duty days per year; that much easier.

A big “thanks” to John Hill and Mark Verwest. They installed a permanent heater in the wellhouse for the Shotgun Range that will forever eliminate the threat of frozen pipes.

LAWN MOWING HELP WANTED: We are looking for someone who would like to take on the task of mowing the lawns this year. The riding lawn mower is pretty comfy and fun to drive! Get in touch with Dave Otto if you are interested in helping out.

UPDATES TO www.tcsashotgun.com: We have been working on updating the information on the shotgun website at www.tcsashotgun.com. The Calendar and League pages are up to date with the rest of the site following suit in the next several weeks. Please check it out and let us know what you think.

GET WELL ALLEN HOFFMAN! We’re looking forward to seeing you back out on the Skeet Field after your recovery.

On a sad note, the Wednesday group of Skeet Shooters lost a good friend with the passing of Lowell Strope. Lowell was a dedicated Skeet Shooter who will be missed by many. God speed Lowell.

SHOTGUN RSO INFORMATION: Kristen Arnold is getting everyone signed up for their (3) duty days for the year. Please get in touch with her to schedule your duty days so you can stay active as a Range Safety Officer. Kristen can be reached at ksarnold20g@frontier.com.

The RSO Schedule for the Shotgun Range is posted on www.tcsashotgun.com. See the link near the lower left side of the home page.
